PIKES PEAK JUSTICE AND PEACE COMMISSION
A Voice for Social Justice and Nonviolence

# RESOLUTION

The Pikes Peak Justice and Peace Commission joins the Equal Protection Campaign (EPOC) to stand against the proposed constitutional amendment that would deny civil rights protection to gays, lesbians, and bisexuals in the State of Colorado.

We see this hate campaign as contrary to the values we espouse, as fueling the current wave of hate crimes, and as contrary to Colorado's tradition of establishing and protecting the Constitutional rights of individuals. It appears to be a seductive effort to create new "enemies" for people who are so unsure of their own goodness that their only positive identity is derived from who they are against.

We will continue to oppose this ballot initiative by educating voters about the danger and injustice of such an amendment.

29 East Bijou Street #4 Colorado Springs, Colorado 80903 (719)632-6189

# GUIDELINES ON RESOLUTIONS

Free-form resolutions are fine; however, many people representing organizations have asked us for guidance. The resolution should get two points across:

1 ) _____ (name of group) opposes the proposed Constitutional Amendment which would prohibit and take away anti-discrimination protections based on sexual orientation.

2 ) The group will support EPOColorado, in any way we deem appropriate for our organization, in publicizing our resolution and educating voters about the danger and injustice of such an amendment.

The resolution should be signed by one or more authorized representatives of the organization.

**MAIL THE RESOLUTION OR LETTER STATING THE ACTION TO:**
**EPOColorado, Inc.**
